WHO WE ARE

Local care you can count on.

We're a small, locally operated team in Colorado Springs. We started Peak Pet and Home Care in 2020 because we believe every pet deserves to feel comfortable and loved while their family is away.

We're not a franchise, and we're proud of it. Every visit is personal, every home is treated with respect, and every animal gets the attention they deserve.

WHAT WE OFFER

Built around your pet's routine.

In-Home Pet Sitting

We move into your home so your pet stays in their own space. Stays range from a few days to a few weeks.

Home Watch

Mail, plants, lights, and security checks. Your home stays lived-in and looked after while you travel.

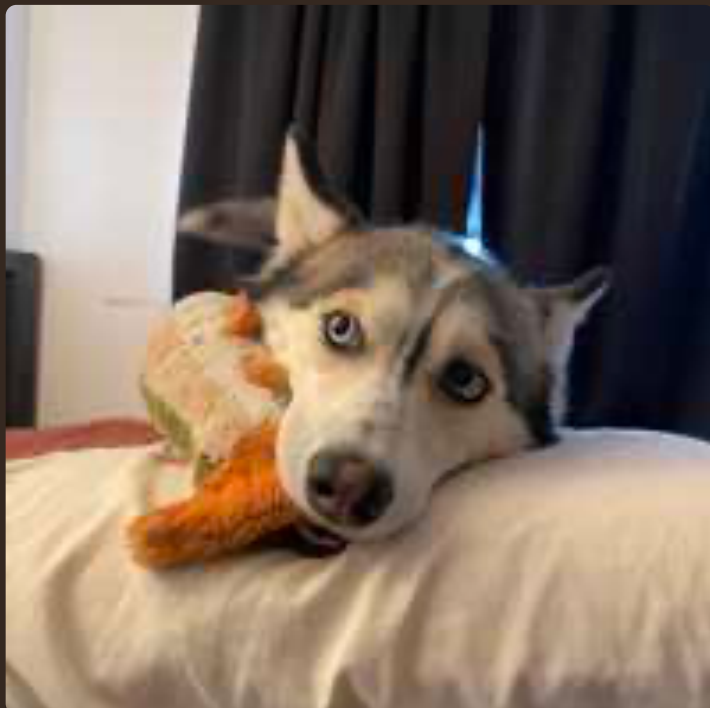

Daily Walks

Regular walks on your pet's schedule, in the neighborhood they know, rain or shine.

OUR GUESTS

Every stay, documented.
